"YOUR GATEWAY TO THE FUTURE OF CRYPTOCURRENCY"

www.worldspeaksuae.com

ABOUT US

World Speaks is a Blockchain based platform. Its goal is to establish economic prosperity and well-being worldwide. It aims to educate people about crypto currency and make them wealthy to face the challenges of the future.

World Speaks works to ensure economic prosperity not only for the present but also for many generations to come, with the help of people and for the people. It is a community-based Blockchain based system. Every member of the community should be dedicated and continuously active to make the community vast and powerful. Since **World Speaks** is a technology-based Blockchain based platform, it does not discriminate on the basis of country, religion or caste.

OUR VISION

World Speaks is a unique crowdfunding financing model that leverages the power of the masses to raise funds aimed at fulfilling people's needs and dreams.

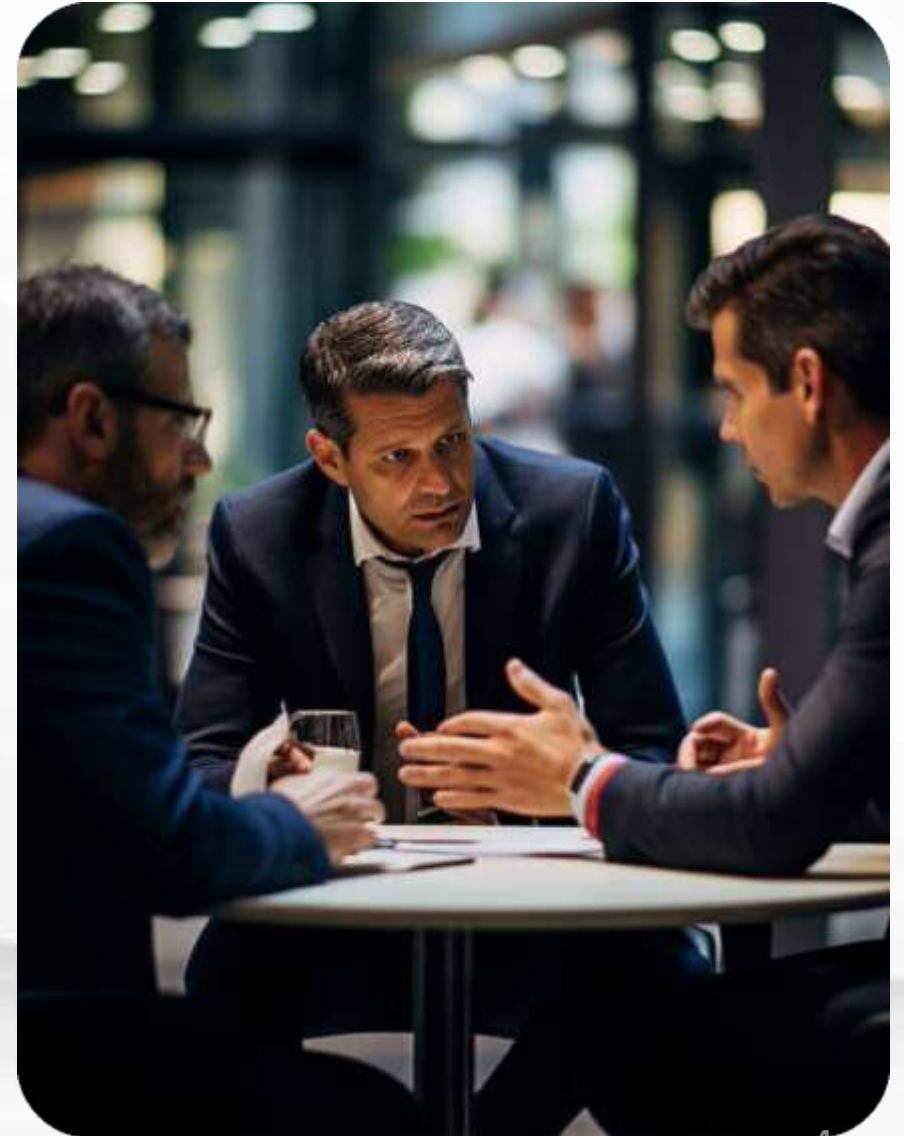

World Speaks aims to eradicate poverty and unemployment from the world. World Speaks does not provide any financial assistance to strengthen people economically. Its smart contract algorithm is based on voluntary donations that empower the user economically. In simple terms, every user in the **World Speaks** community is always striving to make each other financially prosperous.

OUR MISSION

The mission of **World Speaks** is to create a world in which people work for each other's economic strength and prosperity more than for themselves. **World Speaks** expects each and every member of its community to continuously strive for the prosperity and well-being of their team and community rather than enriching themselves.

Our selflessness is our identity, which will become the greatest strength of **World Speaks**, because we are united in our desire to build a world where we consider it apt to make ourselves successful by making each other successful.
